JIREH CUSTODIO

Naga City, Philippines ✉ jireh4401@gmail.com ☁ facebook.com/jireh.custodio5

SUMMARY

Detail-oriented and versatile Computer Engineering graduate with solid experience in programming, cloud computing, cybersecurity, Cisco networking, and IT systems. Trained at LGU Naga City's Department of Information Technology, where I supported digital system deployment, cybersecurity practices, and public data infrastructure. Certified Cloud System Analyst and Safety Officer with proven knowledge of cloud infrastructure, workplace safety, compliance, and risk management. Skilled in network administration, programming, and multimedia production, with 3+ years as a freelance developer and UI/UX Designer. Actively seeking a role where I can apply my technical, creative, and safety management skills in a fast-paced, innovation-driven environment.

EXPERIENCE

It Support Engineer

LGU Naga City   2024, Naga City, Philippines

· Supported deployment and management of cloud-based systems
· Maintained secure and organized public digital infrastructure
· Provided IT troubleshooting and municipal tech support.
